ANNUAL REPORTS
OF THE
Receipts, Expenditures
AND
Assessed Valuations
OF THE
TOWN OF
FARMINGTON, N. H.

FOR THE FISCAL YEAR ENDING DECEMBER 31st

1953

PRESERVE THIS REPORT CAREFULLY

It includes the assessed valuation of the taxable property in the town of Farmington. Only once in seven years is it required to publish this list, so this report is most valuable to all owners or prospective owners of property. If you pick up a report in the stores or when you vote, bring it with you to the annual town meeting in the evening, so that there may be enough books for everyone present.

You will find this inventory printed in the center of this report on pages 1a to 40a.

SELECTMEN'S REPORT

We, the selectmen of the town of Farmington, herewith submit for your consideration the annual report for 1953.

HIGHWAY DEPARTMENT

The early part of the year 1953 was a difficult and costly period for the highway department. The winter snowstorms were heavier and more frequent than for the last few years, requiring many hours of overtime work to keep the roads open. In most cases we were successful in this and, when notified of bad conditions prevailing on the country roads, we endeavored to get the plows out as soon as possible.

In the spring, when the snow melted and the spring rains came, we also ran into another period of costly repairs and maintenance due to bad washouts on many of the country roads. The mud conditions were the worst in many years and some roads were closed for short periods of time. Many loads of gravel had to be hauled to fill the washouts and also, as soon as possible, gravel was hauled to the worst muddy sections to make them passable. A check by the road agent and the selectmen was made of the worst conditions and during the summer and fall many culverts were cleaned out. New reinforced cement culverts have been placed where the worst washouts occurred, some stone culverts were replaced with reinforced cement and others were repaired. We believe that with the new culverts, water damage will be much less in future years. This program should be continued. Due to a change in the state requirements for the use of T. R. A. money, which permits the use of this money on T. R. A. roads to install culverts, some of these culverts were installed with this money. When the time comes to spend T. R. A. money to surface these roads more miles can be done as the culverts are already in place. The balance of the T. R. A. money was spent to start part of the 1952 construction and to continue the construction on the Cardinal Hill road.

Also during 1953 a program of cutting brush on some of the country roads was commenced and should be continued in order to open these roads to the sun for quicker drying and also to make them safer for travel. As these sections are cut, a program of spraying should be started to keep the brush from coming back. A few miles each year could be done without too great an expense.

Mount Vernon street was graded and tarred, the Watson cross road, from South Main street to the Cochecho river was graded and tarred, and many of the previously tarred streets in town were given new coats of tar. All new tarring that was done in 1953 should have a second coat in 1954. School street extension has not been completed as yet, although more work was done on this street, because of the installation of a new water line from Church street to Orange street. As this street had to be dug up it was felt that a delay was necessary to permit the road to settle. This street should be completed in 1954 with a good gravel base and tarred without too great an additional cost.

The Watson cross road bridge was damaged so badly by the spring floods that it had to be closed to travel. This caused some hardship as all persons using the town dump had to travel the Chestnut Hill road. This was unavoidable and work was started on the new bridge, as voted in 1952, as soon as possible. Owing to high water in the spring the start was delayed and then difficulty in securing labor on the construction also caused delay. The bridge was completed in the late summer and is now in use. It is a one span, reinforced cement, steel girder bridge resting on stone and cement abutments and should last for many years with very little maintenance expense. The river bed was also bulldozed so that the flow of water would be unimpeded.

Much work has been done in the village on culverts, ditches and roads. One project was the opening of the Main street drain by the Congregational church to relieve the flood conditions in the square and on South Main street. As of this report it appears to have remedied the situation. One of the worst conditions remaining at the present time is the drainage condition on Chestnut street and Pleasant street.

POLICE DEPARTMENT

The police department personnel has remained nearly the same in 1953, as it was in 1952, and we believe has performed its duties in a creditable manner. The police coverage of the town was increased to give more night protection but events seem to indicate that protection is needed twenty-four hours a day and we recommend that this be provided. Besides many arrests for various misdemeanors, there were investigations of forty-five motor accidents. Although some of these were quite serious there were no fatalities. Farmington has a record to be proud of in this respect, as the last fatal automobile accident that occurred in Farmington was on May 23, 1947. This is a record that we should all try to continue.

WELFARE DEPARTMENT

Although in 1953 the number of persons requiring old age assistance remained about the same as in 1952, those persons requiring help on the town poor account increased in number and also some of these cases were very costly. One person required over twenty-five per cent of the total amount appropriated. We have tried to help all needy cases that applied for aid, when they were our responsibility, and in other cases we have helped them secure aid if they were county cases. The number of children needing aid by the town also remains about the same as in 1952 and they have been taken care of. The visiting nurse, Mrs. Barbara Drew, has helped in many ways to aid us in our welfare department.

MISCELLANEOUS

During 1953 your selectmen have written many publicity items for the Farmington News, as well as for some out of town newspapers, so that the public would be informed of the business of the town. Also many items of news have been given out that were written by news reporters. We hope you read these. Many changes have occurred in Farmington during 1953. The most noticeable change is the new by-pass of the center of town by the new road being built by the state from the Wagon Wheel Ranch—mostly running close to the railroad right of way to High street and then through the woods to Route 11 near the New Durham line. This road is a little more than four miles long. This road is now open to travel and the effect in the center of town and on the old Route 11 is very pronounced. This road is to be completed by July, 1954. Some of this loss of traffic through

Farmington will be replaced by the increased traffic to Wolfeboro upon completion of the New Durham-Middleton section of the Wolfeboro road. Petitions have been filed to have this construction done as soon as possible.

We have continued to reduce the town debt in 1953 and have paid all our debts without borrowing on the future. This has kept the taxes up this past year (the same program was carried out in 1951 and 1952), but has laid the ground work for reduced town taxes in the future. We believe that the town budget can be and will be reduced in 1954 and thus provide some relief from the past high taxes. We hope this program of reducing the town debt will continue. The debt as of January 1, 1954, was \$16,000 long term notes as compared with \$59,000 debt outstanding on January 1, 1948. Interest paid on this debt in 1953 was \$462.51; in 1947 interest paid was \$1,226.50. Let's try to pay our way each year and finish paying this town debt. Also, as in 1951 and 1952, your board of selectmen have been able to conduct the town affairs so that they have had a surplus, above the receipts, to apply toward the past deficit and now show a surplus instead.

Your selectmen request that each voter give careful study of the budget and the articles in the 1954 warrant, before town meeting, and that, at the town meeting, as many taxpayers as possible will attend and vote on each article in such a manner as will be for the best interest of the town. The Municipal Budget Act was adopted by the town in 1953 and the budget committee appointed under this act has worked hard to bring in a sound budget. We hope you will support them.

One other item that we would like to mention at this time is that Farmington is to have an Old Home day celebration in August, 1954. The committees are already at work on this project so let's all cooperate with them and make this a celebration to remember.

You will have a new board of selectmen in 1954 (at least in part) and if you will try to understand their problems and help them in any way you can, it will make it easier for them to serve you and it will be for the benefit of the town.

Respectfully submitted.

CHARLES W. WEBSTER.

ERNEST L. GRAY.

MELVIN F. EARLE.

Selectmen of Farmington.

BUDGET

Estimates of Revenue and Expenditures for the Ensuing Year, January 1, 1954 to December 31, 1954, compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year, January 1, 1953 to December 31, 1953.

Sources of Revenue		1953	1953	1954

WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Farmington, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Farmington on Tuesday, the ninth day of March next, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose one selectman for three years, a town clerk, a town treasurer, two auditors, a trustee of the trust fund for three years, three budget committee members for three years and all other necessary officers and agents for the ensuing year.

**YOU ARE ALSO NOTIFIED TO MEET AT THE
SAID TOWN HALL AT SEVEN O'CLOCK IN
THE AFTERNOON ON THE SAME DATE, TO
ACT ON THE FOLLOWING SUBJECTS:**

Article 2. To see what sum of money the town will vote to raise and appropriate to defray the expenses of general government as defined in the budget.

Article 3. To see what sum of money the town will vote to raise and appropriate for the police department.

Article 4. To see what sum of money the town will vote to raise and appropriate for fire protection.

Article 5. To see if the town will vote to raise and appropriate the sum of \$400.00 for white pine blister rust control. The same to be expended in cooperation with the State Forestry and Recreation Department.

Article 6. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to be applied to the payment for services of a district nurse in said town, said funds to be disbursed through the Farmington Visiting Nurse Association, Inc.

Article 7. To see what sum of money the town will vote to raise and appropriate for the health department.

Article 8. To see what sum of money the town will vote to raise and appropriate for vital statistics.

Article 9. To see what sum of money the town will vote to raise and appropriate for summer and winter maintenance of highways and bridges and for the general expense of the highway department.

- Article 10. To see if the town will vote to raise and appropriate the sum of \$796.66 in order to secure state aid in the amount of \$5,311.05 for the improvement of Class V highways.
- Article 11. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the Farmington Public Library Association.
- Article 12. To see what sum of money the town will vote to raise and appropriate for old age assistance, town poor and soldiers' aid.
- Article 13. To see what sum of money the town will vote to raise and appropriate to Clarence L. Perkins Post No. 60, to be used for Memorial day observance.
- Article 14. To see what sum of money the town will vote to raise and appropriate for the care of parks and playgrounds.
- Article 15. To see if the town will vote to raise and appropriate the sum of \$500.00 to repair Glen St. bridge.
- Article 16. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to replace a double culvert on Winter street.
- Article 17. To see what purpose or purposes the town will vote to appropriate the income, over and above the maintenance expenses derived from parking meters, in accordance with the provisions of Laws of 1947, Chapter 74, Section 2.
- Article 18. (By request) To see if the town will raise and appropriate the sum of \$250.00 for use by the Farmington-New Durham Historical Society, Inc., in observing the 50th anniversary of Old Home Week in Farmington.
- Article 19. To see what sum of money the town will vote to raise and appropriate for Employees' Retirement and Social Security.
- Article 20. To see if the town will vote to authorize the selectmen to hire such sums of money as may be necessary in anticipation of taxes.
- Article 21. To see if the town will vote to authorize the selectmen to sell two old town tractors.
- Article 22. (By request) To see if the town will vote to authorize the selectmen to pay the highway department personnel for the following holidays: Thanksgiving, Christmas, Memorial Day and Labor Day: to be paid to those who have been employed for six months or more.

Article 23. (By request) To see if the town will vote to authorize the appointment of the members of the Municipal Budget Committee; said committee to be appointed by the moderator, to serve without pay.

Article 24. (By request) To see if the town will vote to authorize the selectmen to have a survey made of the present sewer mains relative to the feasibility of adding extensions.

Given under our hand and seal this nineteenth day of February, 1954.

CHARLES W. WEBSTER,
ERNEST L. GRAY,
MELVIN F. EARLE,
Selectmen of Farmington.

HEALTH OFFICER'S REPORT

For the past seven years the records of this department have been faithfully kept and annual reports submitted. The year, 1953, was one of angular aspects. This is more or less true of other years of the record period. However, to summarize: The year which closed December 31, 1953, recorded more constructive improvement in standardizing state-prescribed public health requirements than were grossed for the total of all other record years. There remains much to be done in completing the program.

Your health officer does not assume full credit for improvement-status, but does emphasize the result of a determined effort to inculcate and foster a spirit of cooperation on the part of every individual who has regard for good citizenship. The work of standardizing public health requirements, in any community, cannot be done by a single individual, especially, in an area where a part time health officer functions, and more especially, where there are no salary appropriations for limitless patrol effort. It should be understood by all that, with the exception of two, maybe three, annual surveys, when the local health officer assists a state agent, the over-all health picture of the sanitation of a community resolves itself into the situation where the health officer is held responsible only for abating any nuisance defined by the state and sustained upon investigation. Therefore, in view of such situation, public cooperation is the only answer to a clean community and good health.

As for the angular aspects of 1953, the period veered sharply to the left in responsibility for the control of the more viscous types of communicable diseases. Cases of lack of personal and family responsibilities have been observed. No individual, knowingly a cancer or tuberculosis patient should spit on the street or in any public place, or discard materials containing discharges from the nose, mouth or rectal passage, or in any place where the same may be unwittingly transmitted to persons or animals. The two diseases mentioned do not come within the quarantinable classes and therefore such patients may become public contacts. This year, with no intention to punish, but to protect the public, the law against spitting in public places, or discarding discharge materials unlawfully, will be enforced.

All other cases defined as public nuisances and, process prescribed by the state for abating, is the obligation of your health officer and will be pursued.

In closing: Many official and philanthropic organizations now are regarded and are potential as public health agencies, as well as the "Mercy and Emergency Campaigns". To attempt enumeration might result in some unintentional omission, but to all of these: The selectmen, fire, precinct and highway departments, Farmington physicians, members of the school board and superintendent and, especially the school nurse, with whom this office has many contacts, a generous press and the general public, my gratitude for good cooperation.

Following are the statistics for the year ending December 31, 1953:

Miscellaneous complaints investigated, 301; hearing, none; prosecutions, none; polio cases, none; quarantines, 3; for scarlet fever, 3 homes; 3 patients; mumps, 11; measles, 31; chicken pox, 40; occupational diseases, 7; cancer, 2; tuberculosis, 2; pneumonia, 13; dog bite, 6, (animals quarantined; killed, 1); orders issued on sustained complaints, 14, (violated 1, 1 outstanding); permits and investigations for foster homes, 11; permits for convalescent homes, 1; disposal of dead animals, 39; water pollution, 1 (natural source); improper food handling, 2; label violation, 2; plumbing installations, 2; welfare case sanitation, 2; collection of water, milk and food samples (open and packaged), 59; assists in state supervised dairy and slaughterhouse inspections, 9; attended state-supervised meetings for instruction, 6; dumps posted, 7; order for unsightly premises, 1; assisted state in investigation and order for compliance with state law relative to location of junk yards and their maintenance, 2; venereal diseases (reported direct by physicians). Farmington had very few.

N. B. Six of the cases included above were reported by out of town physicians who treated Farmington patients.

Respectfully submitted,

CARL B. CANNEY,

Health Officer.

During the past year we had, through the summer and fall, a very dry condition, making it necessary to close the woodlands on several occasions. We had several fires, but we were able to reach them in time to keep

them small. The Blue Job lookout and district chief are most valuable additions to the fire control system and with the radio coverage and tank truck set-up that we have in this area, we believe our chances of keeping our fires to a size that we can handle are much greater. Also the people in our town are much more cooperative than ever before and this is a big factor in the prevention of fires. We must all work together to keep the woodlands free from fire. Teamwork is what we must have in order to make fire control and prevention a success.

Remember you and you and you must secure the necessary permit from the warden before burning, not throw lighted cigarettes, cigars or matches from vehicles moving along the highways. Otherwise, you might contribute to a costly and damaging fire. And don't forget that property might be your own.

1953 fire record:

Number of local fires	4
Number of acres burned	2
Number of permits issued	85

MARSHALL F. GIBBS,

Forest Fire Warden.

WALTER E. YOUNG,

LESLIE E. HAM,

JAMES E. THAYER,

Trustees.

AUDITORS' CERTIFICATE

We hereby certify that we have examined the accounts of the selectmen, tax collector, town clerk, town treasurer and trustees of the trust funds, have compared their several accounts, vouchers and bank statement of funds on deposit and find these accounts in agreement and believe these reports to be a true account of the town business for the year ending December 31, 1953, with the following exceptions:

Town clerk: Motor vehicle permit number 68461 lost and not accounted for.

Selectmen: Total of 1953 uncollected taxes appearing in general ledger is \$24.67 less than correct amount due to an overpayment on yield and sewer taxes. This item was corrected in 1954 during the audit.

ARTHUR G. WEBSTER,

NORMAN E. FALL,

Auditors of the town of Farmington.

February 23, 1954.

CHARLES W. WEBSTER,

ERNEST L. GRAY,

MELVIN F. EARLE,

Selectmen of Farmington.
